

## Pennsylvania EITC/OSTC Guidelines

Pennsylvania residents are eligible for scholarships for their children based on the follow household income criteria...

Household income is less than **\$96,676.00** plus **\$17,017** for each qualifying dependent in the family.

For example...

A family with one qualifying dependent must have an income below \$113,693  
( $\$96,676 + \$17,017 = \$113,693$ )

A family with two qualifying dependents must have an income below \$130,710  
( $\$96,676 + \$17,017 + \$17,017 = \$130,710$ )

A family with three qualifying dependents must have an income below \$147,727  
( $\$96,676 + \$17,017 + \$17,017 + \$17,017 = \$147,727$ )

In addition, if the applying family has a child that is considered disabled according to Pennsylvania EITC/OSTC law the qualifying dependent amount would by multiplied by 1.50 for a support level 1 disability and by 2.993 for a support level 2 disability.

For example...

A family with one qualifying dependent that has a support level 1 disability must have an income below \$122,201.50 ( $\$96,676 + \$25,525.50$  ( $17,017 \times 1.50 = \$25,525.50$ ) =  $\$122,201.50$ )

A family with one qualifying dependent that has a support level 2 disability must have an income below \$147,607.88 ( $\$96,676 + \$50,931.88$  ( $17,017 \times 2.993 = \$50,931.88$ ) =  $\$147,607.88$ )
